
PICPC WORKSHOP

Working with Schools in our Community

Join us as we learn and discuss how AA can reach the youth in the middle and high schools in our community. This is a public event and members of our community have been invited to attend. It is only with the kind cooperation of our nonalcoholic friends that AA now has well over two million members in over 180 countries worldwide!

“More than anything, the answer seems to be in education — education in schoolrooms, in medical colleges, among clergymen and employers, in families, and in the public at large. From cradle to grave, the drunk and the potential alcoholic will have to be completely surrounded by true and deep understanding and by a continuous barrage of information: the facts about his illness, its symptoms, its grim seriousness.”
